TEACHERS

Year ending February 15, 1917.

North School—Spring term: Miss May F. Dickerson; fall and winter terms, Miss E. Gertrude Clark.

South School—Entire year, Miss Martha D. Brown.

East School—Spring term, Miss Emma Bell; fall term, Miss Mary E. DeGross; winter term, Miss Elizabeth Kimball (substitute).

REPORT OF THE SCHOOL BOARD

To the Citizens of Hampton Falls:

The past year our schools have been in a very satisfactory condition. The results of supervision have proved its worth. The frequent visits of the superintendent, his advice to the teachers, his co-operation with the parents, and his interest in the welfare of the children themselves can not fail to be of service to the community. He is devoting his entire time and thought to educational matters, including the programme of studies and the choice of suitable text-books. His wide acquaintance with teachers and schools enables him to make a wise choice of teachers. Furthermore, he is in a position to keep the School Board in touch with what is going on in our

own schools as well as in the best school systems of the state and nation.

Hampton Falls has two new teachers this year: Miss E. Gertrude Clark at the North School and Miss Mary E. DeGross at the East. Both are excellent teachers. Their coming has greatly strengthened us. Because of Miss DeGross' serious accident, it was necessary to find a substitute for the winter term. It is difficult, in fact, as we found last year, almost impossible to find satisfactory teachers after the school-year has begun. We were exceedingly fortunate to secure Miss Elizabeth Kimball, of Exeter, to teach until Miss DeGross could return.

Miss Martha D. Brown is still at the South School. All our teachers have the esteem of both parents and scholars, and the latter are making good progress.

On January 29th, the North School had to be closed on account of scarlet fever in the district.

The underpinning at the North School and the toilets at the East School have been put in good repair. The shed at the South School needs to be shingled and the toilets repaired.

We elected Dr. William B. Kenniston, of Exeter, as school physician. His report will be found incorporated in that of the Superintendent of Schools. We submit these reports herewith as a part of our report.

For details as to attendance, length of school-year, monthly wages, etc., attention is called to the table of statistics.

J. HERBERT PAGE, *Chairman, for the School Board.*

RECOMMENDATIONS

The School Board recommends that the following sums of money be raised and appropriated the ensuing year:

Required by law.....	\$870.00
Tuition, statutory.....	400.00
Books and supplies, statutory.....	150.00
Flags and appurtenances, statutory.....	10.00
In addition.....	780.00
	<hr/>
	\$2,210.00

*Five previously enrolled in the North School.

REPORT OF THE SUPERINTENDENT OF SCHOOLS
To the School Board of Hampton Falls:

Allow me to present the following as my second annual report:

IN GENERAL

I am glad to state that, in spite of interruptions, all the schools are in better condition than they were last year at this time. The most satisfactory features are a strong corps of teachers and the pupils' evident interest in their work.

NORTH SCHOOL

This school had three different teachers last year. All concerned would have been glad to have Mrs. Hunt remain permanently. Miss Marjorie Evans, of Clinton, Mass., taught the winter term, but resigned to take up the specialty for which she had trained. Miss May F. Dickerson finished the year. So many changes in one year are bad for any school.

Miss Gertrude Clark, the present teacher, is a graduate of the Plymouth Normal School, in the class of 1916. It is difficult to believe that this is Miss Clark's first year of teaching. It would be still more difficult to find a teacher better fitted for her work. It is unfortunate that a case of scarlet fever in the neighborhood has made it necessary to close the school for a number of weeks so soon after vacation and when the effects of trained teaching were becoming evident.

EAST SCHOOL

Miss Bell, the conscientious and painstaking teacher of this school for two years, resigned last June to take up the primary work in which she was most interested and which she had prepared herself to teach.

It was a difficult task to find a teacher qualified and willing to undertake so large a school with so many grades. We secured the services of Miss Mary E. DeGross, of Bath, N. H. Miss DeGross is not a graduate of normal school, but she had done summer work at Plymouth. A member of the State Department has rated her as one of the best grammar school

teachers in the State. Her record in the East School during the fall term certainly bears out this estimate. A serious accident that occurred during the vacation prevented her return. It is earnestly hoped that she will have recovered sufficiently to resume her labors in the spring. Miss DeGross has just the teacher personality that any community is fortunate to keep in its midst.

We are indebted to Miss Elizabeth Kimball, of Exeter, for consenting to interrupt her year of rest to substitute during the absence of Miss DeGross. Miss Kimball is a graduate of the Plymouth Normal School and a most successful teacher.

SOUTH SCHOOL

Miss Martha Brown continues to do earnest work. Her devotion to the interests of her little group of girls and boys is admirable. She is eager for suggestions and faithful in carrying them out. With the professional training which Miss Brown hopes to secure, she will excel, as she is endowed with much natural ability.

MEDICAL INSPECTION

In March, 1916, the district voted to adopt the medical inspection act of 1913. Dr. William B. Kenniston, of Exeter, was appointed examiner. He reports that, except for defective teeth, the physical condition of the children of Hampton Falls is far above the average for either city or country. The following is a summary of his report:

Defects	North School	South School	East School
Anaemia.....			1
Malnutrition.....		1	
Defective Teeth....	4	10	12
Hypertrophied Ton-			
sils.....	3	1	6
Adenoids.....	1	1	
Defective Vision....	1		6
Pediculosis*.....		6	1
Other Defects.....			2
Unvaccinated.....	12	11	20
Total no. of defects			56
No. of children with defects			34
No. of children unvaccinated			43

A second examination will be made before the end of the school year in order to ascertain how many of the cases have been treated. We shall have to depend in large measure upon the teachers to look after the follow-up work without which medical inspection loses much of its value.

IN CONCLUSION

I must thank you for the encouragement you have given me during the past year. Your chairman, Mr. Page, deserves my special thanks for his loyal support and for performing many of the duties which would naturally fall upon a resident superintendent. I am also appreciative of the many evidences of good-will on the part of parents and children.

I have no regular office hours in Hampton Falls, but I wish that any who are interested in the welfare of our schools would make appointments with me for interviews during my visits. Let us continue, and if possible, increase the co-operation of all concerned for the good of our schools.

Respectfully submitted,

MARO S. BROOKS,

Superintendent of Exeter, Newfields, Hampton Falls, and Kensington.

EXETER, N. H., February 21, 1917.
